### Question 4

```
import random
```

```
def generateOTP (length)
```

```
    str = "abcdefghijklmnopqrstuvwxyz ABCDEFGHIJ KLMN  
           NOPQRSTUVWXYZ 0123456789";
```

```
    n = len (str);
```

```
    OTP = "";
```

```
    for i in range (1, length + 1):
```

```
        OTP = OTP + str [int (random.random () * 10) % n];
```

```
    return OTP
```

```
length = 4
```

```
print "OTP : " + generateOTP (length)
```
